

## Plug-in Timers Provide 24-Hour Convenience and Security

Automatically Turn Lights and Appliances ON/OFF

Leviton's new 24-hour timers provide safety, security and convenience. The mechanical plug-in timers are accurate, easy to operate and offer a simple, inexpensive way to add energy savings and security to any home. They are perfect for holiday lighting, household lighting, radios and small appliances. The 24-hour timers are offered in a compact, 1-outlet style with manual ON/OFF override switch, or a combination 8-outlet power strip plus timer with multiple ON/OFF settings at 15-minute increments. Attractively packaged, the timers are available in White and are UL Listed.

**Features include:**

- 24-hour programming
- Easy-to-set ON/OFF programs
- Precision accuracy
- Ideal for security lighting, holiday lights and small appliances
- 1-outlet timer has manual ON/OFF override switch to bypass timer
- 8-outlet power strip has 4 timed outlets and 4 switched outlets
